TO ADVERTISERS.—The Vermont Daily Transcript has the largest circulation in St. Albans and in Franklin County, of any daily paper, and can that amount, if not other, the best medium for advertising.

Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrillfield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

THE BUTTER MARKET.—The tendency of butter has been downwards from last week's quotations, and the ruling price has been from 40 to 45 cts., a few small and extra fine lots have sold for 48 cts., and 53 cents has been realized on a few tubs of last week's contracts. 60 tubs have been shipped by freight and 4 by express. The shipment is light and some lots have been held, or have been taken home by the farmers. 60 boxes of cheese have been shipped, weighing 59,506 pounds.

FIREMAN'S PARADE.—The annual Fireman's Parade for inspection, and drill, will take place on Saturday the 17th inst., at 2 o'clock p.m.

Per order of CHIEF ENGINEER.

THE MILTONIAN TABLEAU.—Don't forget the Miltonian Tableau at Academy Hall to-morrow evening, it is said to be a good thing. See advertisement.

THAT butter mentioned by us yesterday as seized by the Customs Officer, and to be sold to-day, was sold by the U. S. Marshal minus 25 tubs. We learned that the whole lot of 45 tubs was stored in the cellar of Mr. H. H. Bowman's warehouse at this place, and upon the afternoon of the 11th inst., only 20 tubs remained, the other 25 tubs, some of which had slipped away within the last few days, it was too greasy to remain. No clue, as yet, has been obtained as to the missing butter or the help that it is getting away. "When you get a good thing, keep it if you can," but it seems the officers have not done it either in this case. The 20 tubs were sold to Mr. M. F. Chase, at 32 cts. per pound.

Friday evening the Mountain Mail, as towing a large load of lime from Sagadahoc Point, at Newport, the barge, ruck a snag, as is supposed, and capsized. There were one hundred and fifty tons of lime on board, all of which were lost. A man named George Allen was on the barge at the time, but, when the barge capsized, he was rescued.

A child born at Woodstock without name, was carried to the agricultural fair to receive a name.

There is but one prisoner in Orleans County, at Irasburgh, and a civil in for debt.

L. S. Dutton, of Craftsbury, has a picture that he painted up in Concord, N.H., about 20 years ago; and brought it, dated 1718.

Senator Edmunds has presented the High School Association at Richmond with a bell for their new Academy.

John C. Fisk, Esq., of Hy Lạp, who was lately attacked and hurt by a bull, died on Sunday last from his injuries. He was a young man in the prime of life and highly respected.

On last week Saturday, Mr. B. Sisson went into a store at White Creek, and was showing another man a loaded pistol, when it went off the ball entering Sisson's abdomen. He lived in the greatest distress for a few hours, when he died.

Mrs. Milo Durley, of New Haven, on her sixty-first birth day, spun seventy-seven knots of stocking-yarn. We think this will be hard to beat.

Mrs. Martin Castello, of Worcester, on Wednesday, presented her husband with three healthy children, two sons and one daughter, weighing six, seven and eight pounds respectively. All doing well.

Re-Union of Vermont Officers.

The fifth Annual Re-Union of Vermont officers will be held at Montpelier on Thursday, the 22 of October. The members of the Re-Union Society, and all Vermont officers of the army and navy, are respectfully invited to attend. The usual preliminary meeting for the election of officers and other business, will be held at the Court House, at 10 o'clock, a.m. The Re-Union will be held by Gen. P. T. Washburn, at the Hall of the House of Representatives, during the evening.

In issuing this call, it has been thought proper to state briefly the history of the organization, its aims and its objects. In the autumn of 1844 a few officers and ex-officers issued a call for a meeting to be held at Montpelier, for the purpose of organizing a Re-Union Society. The call was answered by a large number of officers and ex-officers, and a permanent organization was formed. Since that time, meetings of the Society have annually been held, and the membership has increased to about 500, a large majority of whom have been present at the meetings.

The object of this association is simply to afford an opportunity to renew, through social intercourse, the ties of friendship formed in the field; to draw a renewed inspiration and renewed courage for the work yet before us, from the "touch of a comrade's elbow" and the sight of the shot-rent standards under which we fought, and so many of our heroes fell; and to keep green and sacred in our hearts the memories of the five thousand who gave their lives for the cause.

Gen. Wm. Y. W. RIPLEY,

Pres't.

Executive Committee, Maj. Charles F. S. Judd, Maj. Josiah Grant, Jr., Maj. John L. Luntzow, Col. G. Benedict, Cor. Secretary, James S. Peck, Recording Secretary, James S. Peck, Recording Secretary, James S. Peck, Recording Secretary.

MR. EDITOR:—Several of your correspondents, very old and respectable no doubt, seem to be wonderfully exercised as to the origin of our PLANTATION BITTERS. So long as these Bitters are all that we represent them to be, we do not know that it makes any difference from whom they come, or from whence they originated; but for the information of the public generally, and old *Cap't. Wentz* in particular, we will say that he told the truth, and that these Bitters originated in the West India Islands—that many of the ingredients have been favorably used for over a century, but our combination of Clisaya is entirely new, and our own rum and other materials are the same, and as your correspondent says, a better Bitters and Tonic is not made. We recommend them particularly for dyspepsia, fever and ague, debility, loss of appetite, and in all cases where a tonic and stimulant is required.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

MUSICAL INSTRUMENTS.—The piano forte has long been the popular home and concert instrument, yet in point of swelling and sustaining the tones is extremely defective. On account of this deficiency, music written in chords, or in a connected style, cannot be satisfactorily executed, as the long notes result in diminished where they should be sustained. The taste for the organ and orchestral style of music will supersede the present piano compositions. There are no instruments capable of such fine expressions in this style of music as the AMERICAN ORGANS, manufactured by Messrs. S. D. & H. W. Smith, of Boston. Their delicacy and variety in the voicing renders them susceptible of beautiful orchestral effects, by the skillful use of the tremolo and the improved knee swell while the deep manual sub-bass which is added to the new styles, gives the closest resemblance to the pipe organ. —Boston Journal.

A friend of ours trod on a rusty nail which penetrated his foot for about one inch. He used Renne's Pain Killing Magic Oil thoroughly, and cured it without trouble. This Magic Oil is what every family needs in the house. d&w

BURLINGTON BUSINESS COLLEGE.—The fall term of this College will open October 5th, and continue in session during the year. Our readers will remember that this institution is to be a consolidation of the Bryant and Stratton College at Burlington and the Vermont Commercial College at St. Albans, under the instruction of J. H. Lansley as proprietor. The new college will open with excellent facilities for young men and young ladies to gain a thorough business education. The rooms are being refitted and renovated, with a view to comfort and convenience. Prof. S. M. Pratt, of the St. Albans College will be one of the instructors.

Let those who have detected the premature evidences of age—the fall-tell whitening of the locks, the unnatural thinning of the covering which nature designed to be preserved to the period of dissolution, lose no time in securing a bottle of "Barrett's Vegetable Hair Restorative," the great antidote to baldness, gray hair, and wigs.—Buffalo Express.

The Poor Man's Friend.—Doctor's pills are too long for a poor man's pocket, but many of them may be avoided by keeping GRACE'S CELEBRATED SALVE in the cupboard. It is the "precious pot of ointment," curing burns, cuts, scalds, bruises, sprains, wounds, chilblains, chapped hands, &c. Mothers, do not neglect to save your husband's hard-earned money, but purchase a box of this salve, only 25 cts. w
